

To whom it may concern,

As a frequent shopper of \_\_\_\_\_, I am grateful for your extensive selection and variety of products available. To upgrade that variety, I would like to recommend that you add Damascus Bakeries' bread products to your Specialty Foods, Deli, or Bakery department.

We have enjoyed Damascus Breads in the past and would greatly appreciate being able to purchase their delicious pitas, flatbread, roll-ups, and paninis at your store.

Please visit [www.damascusbakery.com](http://www.damascusbakery.com), to review their website and become familiar with Damascus Bakeries.

Thank you for your consideration.

Sincerely,
